

Conway Centre Anglesey

Conway Centres: Anglesey is a large, short term, residential arts and outdoor education facility set in idyllic surroundings on the Island of Anglesey, North Wales. Anglesey occupies 169 acres of National Trust parkland and gardens which extend down to the Menai Strait.

This is The Chapel where majority of the sessions are held over the weekend. This space is the largest secluded area on the site, has a semi sprung maple floor. This is a truly spectacular work space!

The centre is overlooking the Menai Strait which is a beautiful setting for a weekend of dancing and experiencing new surroundings.
